In the version of this article published earlier, in the reference list on page 9, the second author of the reference below was unintentionally omitted. The reference should read as follows:

Du Plessis, L.M. & Pereira, C.J., 2013, 'Commitment and capacity for the support of breastfeeding in South Africa: A paediatric food-based dietary guideline', *South African Journal of Clinical Nutrition* 26(3), S120–S128.

The sentence on page 2, first paragraph, is then updated to reflect the correct reference citation:

The renaming of BFHI to MBFI linked to Resolution 9 of the Tshwane Declaration (DoH 2014:33), which calls for community-based interventions to promote, protect and support breastfeeding (Du Plessis & Pereira 2013:125).

This correction does not alter the study's findings of significance or overall interpretation of the study results. The authors apologise for any inconvenience caused.
